

Report to the Auburn City Council

Action Item
Agenda Item No. **4**

City Manager's Approval
[Signature]

To: Honorable Mayor and City Council Members
From: Andy Heath, Administrative Services Director
Date: November 22, 2010
Subject: City of Auburn Investment Policy Annual Adoption

The Issue

The City Council is required by state law and the City's Investment Policy to annually consider and approve a statement of investment policy.

Recommended Action Requested

By **RESOLUTION**, approve and adopt an Investment Policy to organize procedures and processes which enhance opportunities for a prudent and systematic investment effort and formalize investment-related activities on behalf of the City of Auburn.

Background

In accordance with State of California Government Code Section 53646(a)(2) and Section 17.0 of the City's Investment Policy, the Administrative Services Department has completed its annual review of the Investment Policy (Policy) and proposes revisions outlined below for consideration and approval.

It should be noted that the revised Policy has not deviated from and continues to demonstrate the primary investment program goals and objectives stated in the current Policy. The revised Policy clarifies the overall guidelines for the management and investment of the City's public funds in a manner which provides for the following: the maximum security (safety), daily cash flow demands (liquidity), and a maximum investment return (yield), in that order. The revised Policy conforms to the provisions of the California Government Code.

Analysis

Policy revisions include the following:

- The list of Primary Government Securities Dealers noted in Exhibit A of the Policy has been updated to exclude Bank of America Securities, LLC, Dresdner Kleinwort Wasserstein Securities LLC, and UBS Warburg, whom have withdrawn their names from the list of primary dealers effective November 2, 2010; and
- The list of Primary Government Securities Dealers noted in Exhibit A of the Policy has been updated to include Jefferies & Company, Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, Nomura Securities International, LLC, RBC Capital Markets, LLC, and UBS Securities, LLC, whom have added its name to the list of primary dealers effective November 2, 2010.

As previously mentioned, recommended revisions to the City's current Investment Policy have been made to present the Policy in a better organized manner that is still consistent with the objectives of the current Policy.

Fiscal Impact

None.

Alternatives Available to Council; Implications of Alternatives

1. Approve and adopt the Investment Policy revisions as presented herein.
2. Do not approve the Investment Policy revisions and direct staff to consider additional requirements for approval at a future meeting as annually required by the State of California Government Code.

RESOLUTION NO. 10-
RESOLUTION APPROVING AND ADOPTING AN INVESTMENT POLICY

THE CITY COUNCIL OF THE CITY OF AUBURN DOES HEREBY RESOLVE:
That the City Council of the City of Auburn does hereby approve and adopt an Investment Policy to organize procedures and processes which enhance opportunities for a prudent and systematic investment effort and formalize investment-related activities on behalf of the City of Auburn, and that such Investment Policy will be considered by the City Council on an annual basis.

DATED: November 22, 2010

Bridget Powers, Mayor

ATTEST:

Joseph G. R. Labrie, City Clerk

I, Joseph G. R. Labrie, City Clerk of the City of Auburn, hereby certify that the foregoing resolution was duly passed at a regular meeting of the City Council of the City of Auburn held on the 22nd day of November 2010 by the following vote on roll call:

Ayes:
Noes:
Absent:

Joseph G. R. Labrie, City Clerk

CITY OF AUBURN

INVESTMENT POLICY

1.0 POLICY

The purpose of this Investment Policy ("Policy") is to establish overall guidelines for the management and investment of the City of Auburn's ("City") public funds.

It is the policy of the City to invest public funds in a manner to meet the City objectives, in order of priority, safety of invested funds, maintenance of sufficient liquidity to meet cash flow needs; and attainment of maximum yield possible consistent with the first two objectives, while conforming to the provisions of California Government Code Sections 53600 et seq.¹, the City of Auburn Municipal Code, and this Policy.

2.0 SCOPE

This Policy applies to all funds, entities and investment activities under the purview of the City's Treasurer and Director of Administrative Services as accounted for in the City's Annual Financial Report, including but not limited to the following unless specifically exempted by statute or ordinance:

- General Fund
- Special Revenue Funds
- Debt Service Funds
- Capital Projects Funds
- Enterprise Funds
- Trust and Agency Funds
- Any new fund created by the City Council unless specifically exempted.

- 1) Proceeds of debt issuances shall be invested in accordance with the investment objectives of this Policy and in accordance with the permitted investment provisions of their specific bond indentures.

3.0 PRUDENCE

"City Investment Officials" means the City Treasurer, Director of Administrative Services, and, when required, the City Manager and any other Finance staff that the Director of Administrative Services authorizes in writing. City Investment Officials performing duties in furtherance of the investment program shall act as fiduciaries subject to the Prudent Investor Standard which shall be applied in the context of managing an overall portfolio. The overall investment program shall be designed and managed with a degree of professionalism worthy of the public trust.

¹ The provisions of California Government Code Sections 53600 et. seq. apply to the City as a General Law City.

Deleted: 05/26/09

Prudent Investor Standard: Investments shall be made with judgment and care - under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

City Investment Officials, acting in accordance with this Policy and written procedures governing the City's investment program and exercising due diligence, shall be relieved of personal responsibility and liability for an individual security's credit risk or market price changes, provided that deviation from expectations are reported in a timely fashion as required by this Policy and the City's investment program procedures and appropriate action is taken to control adverse developments.

4.0 OBJECTIVES

The primary objectives, in order of priority, of the City's investment program are:

- A. Safety: Safety of principal is the foremost objective of the investment program. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, the City will diversify its investments by investing funds among a variety of securities offering independent returns and financial institutions. In particular, the City shall seek to preserve principal by mitigating credit risk and market or interest rate risk by doing each of the following:
- Credit risk, defined as the risk of loss due to the failure of the security issuer or backer, will be mitigated by:
 - 1) Limiting investments to the safest types of securities;
 - 2) Prequalifying the financial institutions with which the City will do business;
 - 3) Diversifying the investment portfolio so that the failure of any one issuer or backer will not place an undue financial burden on the City; and
 - 4) Monitoring the investment portfolio on a regular basis to anticipate and respond appropriately to a significant reduction of credit worthiness of any of the depositories.
 - Market or interest rate risk, defined as the risk that the market value of portfolio securities will fall due to an increase in general interest rates, will be mitigated by:
 - 1) Structuring the City's portfolio so that securities mature to meet the City's cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to their maturation to meet those specific needs; and
 - 2) Occasionally restructuring the portfolio to minimize the loss of market value and/or maximize cash flows subject to the constraints described in Section 15.2 of this Policy.

Deleted: 05/26/09

- B. Liquidity: The City's investment portfolio will be structured in a manner which will provide that securities mature at the same time as cash is needed to meet anticipated demands (static liquidity). Additionally, since all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets (dynamic liquidity). The specific percentage mix of different investment instruments and maturities is described in Section 8.0 of this Policy.

It is the full intent of the City to hold all investments until maturity to ensure the return of all invested principal. However, securities may be sold prior to maturity as needed to comply with the intent of this Policy. While it may occasionally be necessary or strategically prudent for the City to sell a security prior to maturity to either meet unanticipated cash needs, to minimize loss of principal of a security with declining credit, or to restructure the portfolio, this Policy specifically prohibits trading securities for the sole purpose of speculating or taking an unhedged position on the future direction of interest rates. Specifically, "When, as, and if issued" trading and open-ended portfolio restructuring transactions are prohibited.

- C. Yield: The City's investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into consideration the investment risk constraints and liquidity needs. Yield on the City's investment portfolio is of secondary importance compared to the safety and liquidity objectives described above. Investments are limited to relatively low-risk securities in anticipation of earning a fair return relative to the risk being assumed. Nevertheless, investment performance shall be continually monitored and evaluated by the Director of Administrative Services by comparison with other investment portfolio benchmark yields.

5.0 DELEGATION OF AUTHORITY

Authority to manage the City's investment program is derived as follows:

A. Responsibilities of the Administrative Services Department

The Administrative Services Department is charged with responsibility for maintaining custody of all public funds and securities belonging to or under the control of the City, and for the deposit and investment of those funds in accordance with principles of sound treasury management and in accordance with applicable laws and ordinances.

B. Responsibilities of the Director of Administrative Services

The Director of Administrative Services is appointed by the City Manager and is subject to his or her direction and supervision. In accordance with the City of Auburn Municipal Code, the Director of Administrative Services is charged with responsibility for the conduct of all Administrative Services Department functions, including the custody and investment of City funds, and the development of procedures to implement this Policy. The Director of

Deleted: 05/26/09

Administrative Services is further responsible for the duties and powers imposed by the general laws of the State of California upon City Treasurers, City Assessors and City Tax Collectors, except to the extent such duties have been delegated or assigned by the City to a County Officer and, with respect to the duties and powers of City Treasurers, only to the extent such duties and powers have been delegated to the Director of Administrative Services by the elected City Treasurer.

Under the oversight of the Director of Administrative Services, responsibility for the certain aspects of the investment program may be delegated to the Administrative Services staff, who shall act in accordance with established written procedures and internal controls consistent with the Policy. The Director of Administrative Services shall be responsible for all transactions undertaken and shall establish a system of controls in accordance with Section 14.0 of this Policy.

C. Responsibilities of the City Treasurer

The City Treasurer is elected every four years by the general electorate of the City of Auburn and acts as a fiduciary agent to the City in accordance with defined duties as prescribed by the State of California Government Code Sections 53630, et. seq. The City Treasurer works closely with the Director of Administrative Services to administer the City's Investment Program as defined by this Policy.

D. Responsibilities of the City Manager

The City Manager is responsible for directing and supervising the Director of Administrative Services. He or she is responsible further to keep the City Council fully advised as to the financial condition of the City. The City Manager shall assume the duties of the Director of Administrative Services whenever there is no person appointed to serve as Director of Administrative Services or as Acting or Interim Director of Administrative Services.

E. Responsibilities of the City Council

The City Council shall consider and adopt a written Investment Policy. As provided in that Policy, the Council shall receive and review quarterly investment reports.

5.1 INVESTMENT PROCEDURES

The Director of Administrative Services shall establish written investment policy procedures for the operation of the investment program consistent with this Policy. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions. No City Investment Official may engage in an investment transaction on behalf of the City except as provided under the terms of this Policy and the written procedures established by the Director of Administrative Services.

Deleted: 05/26/09

6.0 ETHICS AND CONFLICTS OF INTEREST

City Investment Officials involved in the investment process shall refrain from personal business activity that could conflict with proper execution of investments subject to this Policy. City Investment Officials shall avoid all conflicts of interest or appearance of conflicts of interest when performing duties in furtherance of this investment program. The Director of Administrative Services and City Treasurer shall immediately disclose any financial interest which is subject to disclosure under the California Political Reform Act to the City Manager and the City Attorney. All other City Investment Officials shall immediately disclose any financial interest which is subject to disclosure under the California Political Reform Act to the Director of Administrative Services and/or the City Treasurer, who in turn will immediately notify the City Manager and the City Attorney. Additionally, City Investment Officials shall comply with the conflict of interest requirements under state law and the disclosure requirements of the Political Reform Act.

7.0 AUTHORIZED FINANCIAL DEALERS AND INSTITUTIONS

A. Institutions eligible to transact investment business with the City include (collectively, "Financial Institutions"):

- Primary government dealers as designated by the Federal Reserve Bank of New York (Exhibit A)
- Broker/dealer licensed by the State of California
- Member of National Association of Security Dealers
- National or state chartered banks
- Direct issuers of securities eligible for purchase by the City

B. The Director of Administrative Services will maintain a list of financial institutions authorized to provide investment services and a list of approved security broker/dealers after a careful review of their qualifications and creditworthiness. All financial institutions and broker/dealers who desire to do business with the City shall provide the necessary information (e.g. audited financial statements, proof of state registration, proof of National Association of Security Dealers certification, etc.) from which the City can determine their creditworthiness, the existence of any pending legal action against the firm or the individual broker as well as an understanding of the security markets that they service.

The Director of Administrative Services will conduct an annual review of the financial condition and registrations of qualified financial institutions and security broker/dealers. Current audited financial statements will be on file for each financial institution and broker/dealer with which the City invests.

After a review of the financial statement and all other relevant information, the City will determine whether a service agreement should be executed with the institution based on the standards outlined in this Policy. The City requires that an agreement for services be executed prior to entrusting its funds to any dealer or financial institution, and that up-to-

Deleted: 05/26/09

date financial statements be sent to the Director of Administrative Services upon their issuance.

- C. The Director of Administrative Services shall annually send a copy of the current edition of the Policy to all Financial Institutions and broker/dealers, which are approved to execute investment transactions with the City. Confirmation of receipt of this policy shall be considered evidence that the Financial Institution and broker/dealer understands the City's Policy and intends to sell the City only appropriate investments authorized by this Policy.

8.0 AUTHORIZED INVESTMENTS

All investments shall conform to Sections 53600 et seq. of the California Government Code and as described within the Policy. Permitted investments and applicable limitations shall include:

- 1) United States Treasury Obligations, including Bonds, Notes and Bills:
 - There is no maximum portfolio limit.
 - Maturity of Treasury Obligations shall not exceed five years from the date of purchase.
- 2) United States Government Agency (and Federally Sponsored Entity) Issues
 - The purchase of United States Federal Government Agency securities will be limited to issues of the Federal Farm Credit Banks (FFCBs), the Federal Home Loan Banks (FHLBs), Federal Home Loan Mortgage Corporation (FHLMC), the Federal National Mortgage Association (FNMA) and the Student Loan Marketing Association (SLMA).
 - There is no maximum portfolio limit.
 - Purchase in eligible Agency securities shall not exceed five years to maturity.
- 3) Bankers Acceptances (BAs)
 - The purchase is limited to BAs issued by domestic U.S. or foreign banks and which must be rated by Fitch Financial Services Inc. ("Fitch") as follows: an issuer rating of "B" or better for domestic U.S., "C" or better for California banks, or "A/B" or better for foreign banks.
 - Foreign BAs must be dollar-denominated.
 - No more than 30% of the portfolio shall be invested in any single institution.
 - No more than 40% of the portfolio shall be invested in BAs.
 - The maturity of any BA shall not exceed 180 days.
- 4) Time Deposits
 - Deposits up to \$250,000 are federally insured and are limited to banks and savings and loans with offices located in the Auburn area.
 - The maturity of such deposits shall not exceed three years.
 - Deposits over \$250,000 are limited to banks and savings and loans in the Auburn area.
 - Deposits shall be collateralized in the manner prescribed in Section 10 of this investment policy.
 - The maturity of non-negotiable and collateralized deposits shall not exceed 18 months.

Deleted: 05/26/09

- No more than 30% of the portfolio shall be invested in time deposits of which no more than 10% shall be invested in one issuer.
- Deposits shall not exceed the net worth of the bank or savings and loan.

5) Commercial Paper (CP)

- The California Government Code restricts cities to investing in commercial paper of prime quality of the highest rankings or of the highest letter and number rating as provided for by Moody's Investment Service (Moody's), Standard and Poor's (S&P) or Fitch.
- Issuing corporations must be organized and operating within the United States and have total assets in excess of \$500,000,000 and shall issue debt, other than commercial paper, if any, that is rated "A" or higher by Moody's, S&P or Fitch.
- Purchase of commercial paper may not represent more than 10% of an issuing corporation's commercial paper.
- No more than 10% of the portfolio shall be invested in any single institution.
- No more than 25% of the portfolio shall be invested in commercial paper.
- The maturity of the commercial paper shall not exceed 270 days.

6) Negotiable Certificates of Deposit (NCDs)

- Depositories shall be limited to banks and savings and loans with an issuer rating of "A/B" or better by Fitch.
- No more than the lesser of the net worth of the institution or 10% of the portfolio shall be invested in any single institution.
- No more than \$100,000 of federally insured funds may be invested with any single institution.
- No more than 30% of the portfolio shall be invested in NCDs.
- The maturity of the NCDs shall not exceed 5 years.

7) Repurchase Agreements (Repos)

- Repos are executed only with primary dealers of the Federal Reserve Bank of New York and financial institutions which have entered into the City's Master Repurchase Agreement and any subsequent amendments to the Master Repurchase Agreement.
- Securities accepted as collateral for repurchase agreements are U.S. Treasury or U.S. Federal Government Agency issues permitted by this Policy.
- The market value of securities accepted as collateral as authorized by this Policy shall be at the time of transfer equal to at least 102 percent of the face value of the Repurchase Agreement.
- For other than overnight investments, the securities transferred shall be marked to market on a daily basis and maintained at a market value equal to at least 102 percent of the repurchase agreement's face value.
- No more than 30% of the portfolio shall be invested in Repurchase Agreements.
- The maturity of any Repurchase Agreement shall not exceed 10 days.

Deleted: 05/26/09

- 8) Corporate Notes
- Securities eligible for investment must be rated "A" or better by two of the three nationally recognized rating services.
 - No more than 15% of the portfolio shall be invested in any single institution.
 - Medium-term corporate notes may not exceed 30% of the City's portfolio.
 - The maturity of any corporate note shall not exceed five years.
- 9) Local Agency California Investment Fund (LAIF)
- Funds may be invested in LAIF; a State of California managed investment pool, up to the maximum dollar amounts per separate legal entity in conformance with the account balance limits authorized by the State Treasurer.
- 10) Placer County Treasury Investment Pool
- Funds may be invested in the Placer County Investment Pool.
 - No more than 25% of the portfolio shall be invested with the Placer County Treasury Investment Pool.
- 11) Money Market Mutual Fund
- An investment objective of the fund must be the maintenance of a price per share of \$1.00.
 - The fund is registered with the Securities and Exchange Commission (SEC) and is rated AAA by S&P or Aaa by Moody's.
 - The fund has retained an investment adviser registered or exempt from registration with the SEC with not less than five years' experience investing in securities and obligations authorized by the California Government Code 53601 and managing money market mutual funds with assets under management in excess of \$500 million.
 - The fund invests only in U.S. Treasury and U.S. Federal Government Agency securities, and in repurchase agreements backed by U.S. Treasury and U.S. Federal Government Agency securities permitted under this Policy.
 - No more than 5% of the portfolio shall be invested in any one mutual fund.
 - No more than 15% of the portfolio shall be invested in money market mutual funds.
- 12) Reverse Repurchase Agreements (Reverse Repos)
- Except as otherwise authorized by the City Council, the use of reverse repurchase agreements will be limited to those occasions where unanticipated, short-term cash requirements can be met more advantageously by initiating a reverse repurchase agreement than by selling a security into the secondary market prior to its maturity.
 - Reverse repurchase agreements are executed only with primary dealers of the Federal Reserve Bank of New York which have signed the City's Master Repurchase Agreement and any subsequent amendments to the Master Repurchase Agreement.
 - Under no circumstances shall the City sell securities through reverse repurchase agreements for the purpose of financing the acquisition of other securities.
 - The term of any reverse repurchase agreement shall be limited to 30 days.
 - The amount of the agreement may not exceed the lesser of \$1 million or 20% of the base value of the portfolio, and only a single agreement shall be in effect at one time.

Deleted: 05/26/09

- Prior written approval by the City Manager or his or her designee is required to enter into a reverse repurchase agreement, and the fact that such a reverse repurchase agreement has been executed will be reported in writing within 72 hours to the City Manager, City Council and will also be included in the Quarterly Investment Report.

13) Municipal Bonds

- Bonds issued by the City or agency of the City
 - Securities eligible for investment must be rated Aa/AA or better by two of the three nationally recognized statistical-rating organizations.
 - No more than 5% of the portfolio shall be invested in bonds issued by the City or agency of the City.
 - The maturity shall not exceed five years.
- Bonds issued by the State of California
 - Obligations must be rated Aa/AA or better by two of the three nationally recognized statistical-rating organizations.
 - No more than 5% of the portfolio shall be invested in bonds issued by the State of California.
 - The maturity shall not exceed five years.
- Bonds issued by any other local agency within the State of California
 - Obligations must be rated Aa/AA by two of the three nationally recognized statistical-rating organizations or must be insured by Aa/AA-rated firms that underwrite municipal bond insurance.
 - No more than 5% of the portfolio shall be invested in any one issuer.
 - No more than 15% of the portfolio shall be invested in bonds of other local agencies.
 - The maturity shall not exceed five years.

14) Stocks: Any stock received as a gift, through bankruptcies or as payment in lieu of monies due the City shall be sold immediately upon receipt, unless received through a gift or bequest with restrictions on its sale. Sale proceeds will be distributed to the appropriate program fund. If the stock has no market value or if the cost of selling it exceeds the market value, the stock will be written off and monitored periodically to be sold when a break-even market value can be realized.

15) Ineligible Investments

- Ineligible investments include common stock (with the exception noted above in Section 8.0.14), inverse floaters, range notes, mortgage-derived interest-only strips, or any security that could result in zero interest accrual if held to maturity and any investments not authorized by this Policy unless otherwise approved by the City Council.

9.0 INVESTMENT POOLS/MUTUAL FUNDS

A thorough investigation of the LAIF, Placer County Investment Pool, or any money market mutual fund is required prior to investing, and on a continual basis while City's funds are invested in LAIF or the money market mutual fund. Periodically, LAIF and these funds will be

Deleted: 05/26/09

required to update their responses to an investment pool questionnaire. Investment staff will monitor LAIF and the money market mutual funds to ensure that the criteria for qualifying these investment pools and funds remain unchanged.

10.0 COLLATERALIZATION

Collateralization is required on two types of investments: non-negotiable and collateralized time deposits and repurchase agreements.

- 1) Non-negotiable and collateralized time deposits with banks and savings and loans
 - Shall be collateralized in the manner prescribed by California Government Code 53652 for depositories accepting municipal investment funds.
- 2) Repurchase Agreements
 - The types of securities to be accepted as transferred securities in repurchase agreements in which the City is the buyer shall be limited to U.S. Treasury or U.S. Federal Government Agency issues permitted under this Policy. The City shall maintain a preference for collateral of shorter-term maturities.
 - The market value of the securities used as collateral for the repurchase agreements shall not be allowed to fall below 102% of the value of the repurchase agreement as provided in the Master Repurchase Agreement.
 - Substitutions of transferred securities shall be limited to U.S. Treasury Bills and may not be made without prior approval by the City.

11.0 SAFEKEEPING AND CUSTODY

All securities owned by the City shall be held in safekeeping by the City's custodial bank or by a third party bank trust department, acting as agent for the City under the terms of a custody agreement or master repurchase agreement. All security transactions, including collateral for repurchase agreements, entered into by the City shall be conducted on a delivery-versus-payment (DVP) basis through the City's safekeeping agent. Securities held in custody for the City shall be independently audited on an annual basis to verify investment holdings.

12.0 DIVERSIFICATION

The City will diversify its investment by security type, issuer and maturity dates. Portfolio percentage and/or dollar limits are indicated in Section 8.0 of this Policy.

13.0 MAXIMUM MATURITIES

The City's investment portfolio shall be structured to provide that sufficient funds from investments are available to meet the City's anticipated cash needs. The choice of investment instruments and maturities shall be based upon an analysis of anticipated cash needs, existing and anticipated revenues, interest rate trends and specific market opportunities. The average maturity

Deleted: 05/26/09

of the investment portfolio will not exceed two years, and no investment will have a maturity of more than five years from its date of purchase.

Bond reserve funds established by the issuance of bonds may be invested in securities exceeding five years if the maturity of such investments are made to coincide with the expected use of the funds and the appropriate bond indenture permits such investments.

14.0 INTERNAL CONTROLS

The Director of Administrative Services is responsible for establishing and maintaining an internal control structure designed to ensure that the City's assets are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance that those objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits to be derived and that the valuation of costs and benefits requires estimates and judgments by management. Internal control procedures shall address:

- Separation of duties
- Control of collusion
- Custodial safekeeping
- Avoidance of physical delivery of securities
- Written confirmation of transfers for investments and wire transfers
- Written procedures for placing investment transactions
- Delegation of authority to investment officials

15.0 PERFORMANCE STANDARDS

The investment portfolio shall be designed with the overall objective of safety, liquidity and a return on investment commensurate with the investment risk constraints and the cash flow needs.

15.1 Market Yield (Benchmark)

The City's investment portfolio is managed primarily on a "hold-to-maturity" strategy. Given this strategy, the basis used by the Director of Administrative Services to determine whether market yields are being achieved shall be to identify a comparable benchmark to the weighted average maturity of the investment portfolio. Current benchmarks are the six-month and one-year moving average yield of the one-year Treasury security and the yield on LAIF.

15.2 RESTRUCTURING TRANSACTIONS

1) General Definitions

The restructuring process involves a change in the composition of the portfolio such that the aggregate portfolio after all transactions are executed meets original goals and constraints of the Policy and performance has been improved. Restructuring

Deleted: 05/26/09

opportunities are not a function of time but rather a result of changing market conditions. Conditions that are generally favorable to restructurings are:

- availability of more efficient issues,
- changes in the shape of the yield curve, and
- changes in quality or sector spreads.

A restructured portfolio must continue to generate sufficient cash flow to meet the City's cash requirements without impairing the overall quality/diversification constraints of the portfolio.

2) Specific Requirements

- Restructuring transactions in the City's portfolio shall not exceed \$1 million (par value) per month in original securities exchanged for replacement securities, e.g. two \$500 thousand Treasury issues may be sold and replaced with two \$500 thousand agency issues.
- Prior conceptual approval shall be obtained in writing from the Director of Administrative Services, City Treasurer and City Manager.
- Executed restructuring transactions will be included in the Quarterly Investment Report.
- Net sales gains or losses shall not be incurred to the point of radically altering the current month's earned interest yield (plus or minus 30 basis points).

16.0 REPORTING

The Director of Administrative Services and City Treasurer shall submit a quarterly investment report containing detailed information on all securities and investments of the City to the City Council and the City Manager within 30 days following the end of the quarter covered by the report. The quarterly investment report will include the following:

- The classification of the investment, the percentage of the total portfolio which each type of investment represents, issuer, date of maturity, par and dollar amount invested on all securities and investments
- Current market value and the source of the market value
- Cash management projection: Statement denoting the ability of the City to meet its expected obligations over the next six months
- Statement of compliance with the Policy: Reasons for and number of violations or exceptions to the investment policy during the quarter being reported on, as well as prior violations or exceptions which have not yet been corrected
- Weighted average maturity of the investment portfolio
- Trend of average portfolio maturity
- Maturity aging by type of investment

Deleted: 05/26/09

- Trend of the quarterly earned interest yield on investments
- Comparison of budgeted investment earnings to actual earnings for the reporting quarter and fiscal year-to-date
- Separation of realized trading gains or losses from interest received on trading activity (Since the City is not involved in active trading, this will occur only when a security must be sold prior to maturity as defined in Section 4.0.B.)
- Unrealized gain or loss resulting from appreciation or depreciation in the market value of securities
- Aggregate commitments to purchase securities or make other payments to dealers in a manner to permit adequate cash need forecasting
- A brief description of executed reverse repos and the associated interest cost and interest earnings from the transactions
- All investment transactions occurring during the quarter whether or not the transaction has been fully settled
- A description of the current investment strategy and the assumptions upon which it is based
- Distribution reports by bank and broker/dealer
- A brief description of executed restructuring transactions. Number and dollar volume of trades executed for the sole purpose of restructuring the portfolio and analysis of benefit derived from those trades

The City's Quarterly Investment Reports to the City Council will be posted on the City's internet site (absent any unforeseen technological issues).

16.2 POLICY EXCEPTIONS

While this Policy prescribes various maximums, minimums and other relatively arbitrary numerical limits, it is intended primarily to be a management tool. When the Director of Administrative Services determines that an exception to one of the Policy's numerical limits is in the best interest of the City, and is otherwise consistent with the Policy, such exception is permitted so long as it is consistent with applicable City, State and Federal laws. Whenever an exception or violation of this Policy is made, that fact shall be reported by the Director of Administrative Services and/or City Treasurer to the City Manager and the City Council within one business day of its discovery. Major exceptions will be reported immediately. All exceptions to the Policy and the appropriate explanation or justification for the exception shall be included in the Quarterly Investment Report. Sudden large fluctuations in portfolio assets can cause technical exceptions to the various percentage limits of the Policy which should not be interpreted as "reportable exceptions". Provided that the portfolio make-up can be readjusted to Policy limits within one working day of a significant increase or decrease in portfolio assets, such temporary percentage exceptions need not be reported as violations or exceptions to this Policy.

17.0 INVESTMENT POLICY REVIEW/ADOPTION

The Policy shall be adopted by resolution of the City Council on an annual basis. This Policy shall be reviewed annually to ensure its consistency with respect to the overall objectives of

Deleted: 05/26/09

safety, liquidity and yield, and its relevance to current laws and financial trends. An annual Statement of Investment Policy including any proposed amendments to the Policy shall be prepared by the Director of Administrative Services for the review and recommendation of the Investment Committee prior to submission to the City Council for consideration and approval.

18.0 GLOSSARY

Definitions of investment-related terms are listed on Exhibit B.

Investment Policy 11/22/10

EXHIBIT B

GLOSSARY

ACCRETION: Adjustment of the difference between the price of a bond bought at an original discount and the par value of the bond.

AGENCIES: Federal agency securities and/or Government-sponsored enterprises (GSEs), also known as U.S. Government instrumentalities. Securities issued by Government National Mortgage Association (GNMA) are considered true agency securities, backed by the full faith and credit of the U.S. Government. GSEs are financial intermediaries established by the federal government to fund loans to certain groups of borrowers, for example homeowners, farmers and students and are privately owned corporations with a public purpose. The most common GSEs are Federal Farm Credit System Banks, Federal Home Loan Banks, Federal Home Loan Mortgage Association, and Federal National Mortgage Association.

AMORTIZATION: Accounting procedure that gradually reduces the cost value of a limited life or intangible asset through periodic charges to income. For fixed assets, the term used is "depreciation". It is common practice to amortize any premium over par value paid in the purchase of preferred stock or bond investments.

ANNUAL FINANCIAL REPORT: The official annual financial report for the City. It includes combined statements and basic financial statements for each individual fund and account group prepared in conformity with Generally Accepted Accounting Principles (GAAP).

APPRECIATION: Increase in the value of an asset such as a stock bond, commodity or real estate.

ASKED PRICE: The price a broker/dealer offers to sell securities.

BANKERS' ACCEPTANCE (BA): A draft or bill of exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill, as well as the issuer. This money market instrument is used to finance international trade.

BASIS POINT: One-hundredth of one percent (i.e., 0.01%).

BENCHMARK: A comparative base for measuring the performance or risk tolerance of the investment portfolio. A benchmark should represent a close correlation to the level of risk and the average duration of the portfolio's investment.

BID PRICE: The price a broker/dealer offers to purchase securities.

Deleted: 05/26/09

BOND: A financial obligation for which the issuers promises to pay the bondholder a specified stream of future cash flows, including periodic interest payments and a principal repayment.

BOOK VALUE: The value at which a debt security is shown on the holder's balance sheet. Book value is acquisition cost less amortization of premium or accretion of discount.

BROKER: A broker acts as an intermediary between a buyer and seller for a commission and does not trade for his/her own risk and account or inventory.

CALLABLE SECURITIES: A security that can be redeemed by the issuer before the scheduled maturity date.

CASH FLOW: An analysis of all changes that affect the cash account during a specified period.

CERTIFICATE OF DEPOSIT (CD): A time deposit with a specific maturity evidenced by a certificate. Large-denomination CD's are typically negotiable.

COLLATERAL: Securities, evidence of deposit or other property which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

COMMERCIAL PAPER: Short-term, unsecured, negotiable promissory notes of corporations.

CONDUIT FINANCING: A financing in which a governmental agency issues debt and the proceeds of the issue are loaned to a nongovernmental borrower who then applies the proceeds for a project financing or (if permitted by federal tax laws for a qualified 501(c)(3) bond) for working capital purposes.

CORPORATE NOTE: Debt instrument issued by a private corporation.

COUPON: The annual rate at which a bond pays interest.

CREDIT ANALYSIS: An analysis of the economic and financial conditions to determine creditworthiness or the ability to meet debt obligations.

CREDIT RISK: The risk that an obligation will not be paid and a loss will result due to a failure of the issuer of a security.

CURRENT YIELD: The annual interest on an investment divided by the current market value. Since the calculation relies on the current market value rather than the investor's cost, current yield is unrelated to the actual return the investor will earn if the security is held to maturity.

CUSTODIAN: A bank or other financial institution that keeps custody of stock certificates and other assets.

Deleted: 05/26/09

DEALER: A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his/her own risk and account or inventory.

DEBENTURES: A bond secured only by the general credit of the issuers.

DEFEASED BOND ISSUES: Issues that have sufficient money to retire outstanding debt when due, so that the agency is released from the contracts and covenants in the bond documents.

DELIVERY VERSUS PAYMENT (DVP): Delivery of securities with a simultaneous exchange of money for the securities.

DERIVATIVE: A financial instrument that is based on, or derived from, some underlying asset, reference date, or index.

DIRECT ISSUER: Issuer markets its own paper directly to the investor without use of an intermediary.

DISCOUNT: The difference between the cost of a security and its value at maturity when quoted at lower than face value.

DIVERSIFICATION: Dividing investment funds among a variety of securities offering independent returns and risk profiles.

DURATION: A measure of the timing of the cash flows, such as the interest payments and the principal repayment, to be received from a given fixed-income security. This calculation is based on three variables: term to maturity, coupon rate, and yield to maturity. Duration measures the price sensitivity of a bond to changes in interest rates.

FACE VALUE: The principal amount owed on a debt instrument. It is the amount on which interest is computed and represents the amount that the issuer promises to pay at maturity.

FAIR VALUE: The amount at which a security could be exchanged between willing parties, other than in a forced or liquidation sale. If a market price is available, the fair value is equal to the market value.

FANNIE MAE: Trade name for the Federal National Mortgage Association (FNMA), a U.S. Government sponsored enterprise.

FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC): A federal agency that provides insurance on bank deposits, guaranteeing deposits to a set limit per account, currently \$250,000.

Deleted: 05/26/09

FEDERAL FARM CREDIT BANK (FFCB): Government-sponsored enterprise that consolidates the financing activities of the Federal Land Banks, the Federal Intermediate Credit Banks and the Banks for Cooperatives. Its securities do not carry direct U.S. government guarantees.

FEDERAL FUNDS RATE: The rate of interest at which Federal funds are traded. This rate is considered to be the most sensitive indicator of the direction of interest rates, as it is currently pegged by the Federal Reserve through open-market operations.

FEDERAL HOME LOAN BANKS (FHLB): Government sponsored enterprise (currently made up of 12 regional banks) that regulates and lends funds and provides correspondent banking services to member commercial banks, thrift institutions, credit unions and insurance companies. Although the banks operate under federal charter with government supervision, the securities are not guaranteed by the U. S. Government.

FEDERAL HOME LOAN MORTGAGE CORPORATION (FHLMC): Government sponsored enterprise that helps maintain the availability of mortgage credit for residential housing. FHLMC finances these operations by marketing guaranteed mortgage certificates and mortgage participation certificates. Its discount notes and bonds do not carry direct U.S. government guarantees.

FEDERAL NATIONAL MORTGAGE ASSOCIATION (FNMA): Government sponsored enterprise that is the largest single provider of residential mortgage funds in the United States. FNMA is a private stockholder-owned corporation. The corporation's purchases include a variety of adjustable mortgages and second loans, in addition to fixed-rate mortgages. FNMA's securities are also highly liquid and are widely accepted. FNMA securities do not carry direct U.S. Government guarantees.

FEDERAL OPEN MARKET COMMITTEE (FOMC): A committee of the Federal Reserve Board, which establishes monetary policy and executes it through temporary and permanent changes to the supply of bank reserves.

FEDERAL RESERVE SYSTEM: The central bank of the U.S. which consists of a seven member Board of Governors, 12 regional banks and about 5,700 commercial banks that are members.

FED WIRE: A wire transmission service established by the Federal Reserve Bank to facilitate the transfer of funds through debits and credits of funds between participants within the Fed system.

FREDDIE MAC: Trade name for the Federal Home Loan Mortgage Corporation (FHLMC), a U.S. government sponsored enterprise.

GINNIE MAE: Trade name for the Government National Mortgage Association (GNMA), a direct obligation bearing the full faith and credit of the U.S. Government.

Deleted: 05/26/09

GOVERNMENT ACCOUNTING STANDARDS BOARD (GASB): A standard-setting body, associated with the Financial Accounting Foundation, which prescribes standard accounting practices for governmental units.

GUARANTEED INVESTMENT CONTRACTS (GICS): An agreement acknowledging receipt of funds, for deposit, specifying terms for withdrawal, and guaranteeing a rate of interest to be paid.

INACTIVE DEPOSITS: Funds not immediately needed for disbursement.

INTEREST RATE: The annual yield earned on an investment, expressed as a percentage.

INTEREST RATE RISK: The risk of gain or loss in market values of securities due to changes in interest-rate levels. For example, rising interest rates will cause the market value of portfolio securities to decline.

INVESTMENT AGREEMENTS: A contract providing for the lending of issuer funds to a financial institution which agrees to repay the funds with interest under predetermined specifications.

INVESTMENT PORTFOLIO: A collection of securities held by a bank, individual, institution or government agency for investment purposes.

LIQUIDITY: A liquid asset is one that can be converted easily and rapidly into cash with minimum risk of principal.

LOCAL AGENCY INVESTMENT FUND (LAIF): An investment pool sponsored by the State of California and administered/managed by the State Treasurer. Local government units, with consent of the governing body of that agency, may voluntarily deposit surplus funds for the purpose of investment. Interest earned is distributed by the State Controller to the participating governmental agencies on a quarterly basis.

LOCAL AGENCY INVESTMENT POOL: A pooled investment vehicle sponsored by a local agency or a group of local agencies for use by other local agencies.

MARK TO MARKET: Current value of securities at today's market price.

MARKET RISK: The risk that the value of securities will fluctuate with changes in overall market conditions or interest rates. Systematic risk of a security that is common to all securities of the same general class (stocks, bonds, notes, money market instruments) and cannot be eliminated by diversification (which may be used to eliminate non-systematic risk).

MARKET VALUE: The price at which a security is currently being sold in the market. See FAIR VALUE.

Deleted: 05/26/09

MASTER REPURCHASE AGREEMENT: A written contract covering all future transactions between the parties to repurchase agreements and reverse repurchase agreements that establish each party's rights in the transactions. A master agreement will often specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller-borrower.

MATURITY: The date that the principal or stated value of a debt instrument becomes due and payable.

MEDIUM-TERM NOTES (MTNs): Unsecured, investment-grade senior debt securities of major corporations which are sold in relatively small amounts either on a continuous or an intermittent basis. MTNs are highly flexible debt instruments that can be structured to respond to market opportunities or to investor preferences.

MODIFIED DURATION: The percent change in price for a 100 basis point change in yields. This is a measure of a portfolio's or security's exposure to market risk.

MONEY MARKET: The market in which short term debt instruments (Treasury Bills, Discount Notes, Commercial Paper, Banker's Acceptances and Negotiable Certificates of Deposit) are issued and traded.

MUNICIPAL BONDS: Debt obligations issued by state and local governments and their agencies including school districts, state universities, sewer districts, municipally owned utilities and authorities running bridges, airports and other transportation facilities.

MUTUAL FUND: An entity that pools money and can invest in a variety of securities which are specifically defined in the fund's prospectus.

NEGOTIABLE CERTIFICATE OF DEPOSIT: A large denomination certificate of deposit which can be sold in the open market prior to maturity.

NEW ISSUE: Term used when a security is originally "brought" to market.

NOTE: A written promise to pay a specified amount to a certain entity on demand or on a specified date.

OPEN MARKET OPERATIONS: Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank as directed by the FOMC in order to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit. Sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

Deleted: 05/26/09

PAR VALUE: The amount of principal which must be paid at maturity. Also referred to as the face amount of a bond. See FACE VALUE.

PORTFOLIO: The collection of securities held by an individual or institution.

PREMIUM: The difference between the par value of a bond and the cost of the bond, when the cost is above par.

PRIMARY DEALER: A group of government securities dealers who submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its informal oversight. These dealers are authorized to buy and sell government securities in direct dealing with the Federal Reserve Bank of New York in its execution of market operations to carry out U.S. monetary policy. Such dealers must be qualified in terms of reputation, capacity, and adequacy of staff and facilities.

PRINCIPAL: The face value or par value of a debt instrument, or the amount of capital invested in a given security.

PROSPECTUS: A legal document that must be provided to any prospective purchaser of a new securities offering registered with the Securities and Exchange Commission that typically includes information on the issuer, the issuer's business, the proposed use of proceeds, the experience of the issuer's management, and certain certified financial statements (also known as an "official statement").

PRUDENT INVESTOR STANDARD: A standard of conduct for fiduciaries. Investments shall be made with judgment and care--under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

PUBLIC DEPOSITS: A bank that is qualified under California law to accept a deposit of public funds.

PURCHASE DATE: The date in which a security is purchased for settlement on that or a later date. Also known as the "trade date".

RATE OF RETURN: 1) The yield which can be attained on a security based on its purchase price or its current market price. 2) Income earned on an investment, expressed as a percentage of the cost of the investment.

REALIZED GAIN (OR LOSS): Gain or loss resulting from the sale or disposal of a security.

REGIONAL DEALER: A financial intermediary that buys and sells securities for the benefit of its customers without maintaining substantial inventories of securities and that is not a primary dealer.

Deleted: 05/26/09

REPURCHASE AGREEMENT (RP or REPO): A transaction in which a counterparty or the holder of securities (e.g. investment dealer) sells these securities to an investor (e.g. the City) with a simultaneous agreement to repurchase them at a fixed date. The security "buyer" (e.g. the City) in effect lends the "seller" money for the period of the agreement, and the terms of the agreement are structured to compensate the "buyer" for this. Dealers use RP extensively to finance their positions. Exception: When the Fed is said to be doing RP, it is lending money, that is, increasing bank reserves.

REVERSE REPURCHASE AGREEMENT (REVERSE REPO): The opposite of a repurchase agreement. A reverse repo is a transaction in which the City sells securities to a counterparty (e.g. investment dealer) and agrees to repurchase the securities from the counterparty at a fixed date. The counterparty in effect lends the seller (e.g. the City) money for the period of the agreement with terms of the agreement structured to compensate the buyer.

RISK: Degree of uncertainty of return on an asset.

SAFEKEEPING: A service which banks offer to clients for a fee, where physical securities are held in the bank's vault for protection and book-entry securities are on record with the Federal Reserve Bank or Depository Trust Company in the bank's name for the benefit of the client. As agent for the client, the safekeeping bank settles securities transactions, collects coupon payments, and redeems securities at maturity or on call date, if called.

SALLIE MAE: Trade name for the Student Loan Market Association (SLMA), a U.S. government sponsored enterprise.

SECURITIES AND EXCHANGE COMMISSION (SEC): Agency created by Congress to protect investors in securities transactions by administering securities legislation.

SEC RULE 15C3-1: See UNIFORM NET CAPITAL RULE.

SECONDARY MARKET: A market for the repurchase and resale of outstanding issues following the initial distribution.

SECURITIES: Investment instruments such as notes, bonds, stocks, money market instruments and other instruments of indebtedness or equity.

SETTLEMENT DATE: The date on which a trade is cleared by delivery of securities against funds.

SPREAD: The difference between two figures or percentages. It may be the difference between the bid (price at which a prospective buyer offers to pay) and asked (price at which an owner offers to sell) prices of a quote, or between the amount paid when bought and the amount received when sold.

Deleted: 05/26/09

STRUCTURED NOTE: A complex, fixed income instrument, which pays interest, based on a formula tied to other interest rates, commodities or indices. Examples include “inverse floating rate” notes which have coupons that increase when other interest rates are falling, and which fall when other interest rates are rising and “dual index floaters”, which pay interest based on the relationship between two other interest rates, for example, the yield on the ten-year Treasury note minus the Libor rate. Issuers of such notes lock in a reduced cost of borrowing by purchasing interest rate swap agreements.

STUDENT LOAN MARKET ASSOCIATION (SLMA): Government-sponsored enterprise that purchases student loans from originating financial institutions and provides financing to state student loan agencies. It provides a national secondary market for federally-sponsored student loans and credit to participants in the post secondary education lending sector.

TIME DEPOSIT: A deposit with a California bank or savings and loan association for a specific amount and with a specific maturity date and interest rate. Deposits of up to \$100,000 are insured by FDIC. Deposits over \$100,000 are collateralized above the insurance with either government securities (at 110% of par value), first trust deeds (at 150% of par value), or letters of credit (at 105% of par value).

TOTAL RATE OF RETURN: A measure of a portfolio’s performance over time. It is the internal rate of return which equates the beginning value of the portfolio with the ending value, and includes interest earnings and realized and unrealized gains and losses on the portfolio. For bonds held to maturity, total return is the yield to maturity”.

TRUSTEE OR TRUST COMPANY OR TRUST DEPARTMENT OF A BANK: A financial institution with trust powers which acts in a fiduciary capacity for the benefit of the bondholders in enforcing the terms of the bond contract.

UNDERWRITER: A dealer which purchases a new issue of municipal securities for resale.

UNIFORM NET CAPITAL RULE: Securities and Exchange Commission requirement that member firms as well as nonmember broker/dealers in securities maintain a maximum ratio of indebtedness to liquid capital of 15 to 1; also called *net capital rule* and *net capital ratio*. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities, one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.

U.S. GOVERNMENT AGENCY SECURITIES: Securities issued by U.S. government agencies, most of which are secured only by the credit worthiness of the particular agency. See AGENCIES.

U.S. TREASURY OBLIGATIONS: Securities issued by the U.S. Treasury and backed by the full faith and credit of the United States. Treasuries are the benchmark for interest rates on all other securities in the U.S. The Treasury issues both discounted securities and fixed coupon

Deleted: 05/26/09

notes and bonds. The income from Treasury securities is exempt from state and local, but not federal, taxes.

TREASURY BILLS: Securities issued at a discount with initial maturities of one year or less. The Treasury currently issues three-month and six-month Treasury bills at regular weekly auctions. It also issues very short-term "cash management" bills as needed to smooth out cash flows.

TREASURY NOTES: Intermediate-term coupon-bearing securities with initial maturities of one year to ten years.

TREASURY BOND: Long-term coupon-bearing securities with initial maturities of ten years or longer.

UNREALIZED GAIN (OR LOSS): Gain or loss that has not become actual. It becomes a realized gain (or loss) when the security in which there is a gain or loss is actually sold. See **REALIZED GAIN (OR LOSS)**.

VOLATILITY: Characteristic of a security, commodity or market to rise or fall sharply in price within a short-term period.

WEIGHTED AVERAGE MATURITY: The average maturity of all the securities that comprise a portfolio that is typically expressed in days or years.

WHEN ISSUED (WI): Short form of "when, as, and if issued." WI refers to a transaction made conditionally because a security, although authorized, has not yet been issued.

YIELD: The annual rate of return on an investment expressed as a percentage of the investment. See **CURRENT YIELD**; **YIELD TO MATURITY**.

YIELD CURVE: Graph showing the relationship at a given point in time between yields and maturity for bonds that are identical in every way except maturity.

YIELD TO MATURITY: Concept used to determine the rate of return if an investment is held to maturity. It takes into account purchase price, redemption value, time to maturity, coupon yield, and the time between interest payments. It is the rate of income return on an investment, minus any premium or plus any discount, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond, expressed as a percentage.
